Good Citizens of all Parties Must Unite to Avert Disaster of Radical League Control of State

John Fields' Pledge Is to All the People of All Parties

"I pledge to you, if elected, to give to this state FOUR YEARS OF A COALITION ADMINISTRATION. It will be a different coalition from that already accomplished by the opposition—it will be a coalition of Republicans and Democrats who believe in order and constitutional government and the preservation of American ideals against Russianizing influences. To the giving of that kind of administration if elected, I pledge the people of Oklahoma every atom of strength and ability that God has given me, and in my efforts I shall need the daily support of all good citizens and the prayers of all the Christian men and women of this state, which has grown so great and which now totters on the brink."

—JOHN FIELDS

The purpose of those 150,751 Democrats, who in the primary voted against the Shawnee Platform and control of their state and party by "League" Radicals, is the same as that of a great majority of Republicans.

Those 150,751 Democrats divided their strength among several candidates while the "League" candidate's support of 119,501 was not divided. Thus, in spite of a majority of 31,250 Democrat votes against the Socialist usurpers, the "League" candidate won.

Because they were real Democrats, the 150,751 voters who were defeated by a minority in their primary could not accept the Shawnee Platform and insisted upon writing a platform which would constitute Democracy rather than Radical State Socialism.

The regular Democrat Platform was read at the Convention in Oklahoma City, August 15, and adopted by nearly a two to one vote of the delegates, but the "League" candidate refused to be bound by it. He stood, and still stands, "irrevocably for the Shawnee Platform"—a platform almost identical with that which brought disaster to North Dakota where the same kind of a radical gang stole the Republican party to accomplish their ends.

When Mr. Walton flatly turned down the platform suggested by a majority of Democrat voters he demonstrated his contempt for Democracy in its true form. That act proved how willful and ruthless he can be, when clothed with power or the assumption of power. It revealed that his real allegiance is not to the Democratic party and Democracy, but to Radical "League" Socialists and Socialism.

Once in control of State Government, with Victor Berger, Oscar Ameringer, Pat Nagle and the rest of the radicals as the guiding hands, it will be a sad four years for Oklahoma and for Democracy. The disaster of North Dakota is likely to be repeated and multiplied. Should Democrats, through mere partisan prejudice, permit such a thing to occur, it would be a party record almost impossible to live down in future years.

The fate of a great state hangs in the balance, by a very slender thread. All that stands between it, and a ruinous regime is the possibility of electing a Republican Governor in a state where Democrats are in the majority. It is fortunate that the Republican candidate is a man in whom Democrats can place their faith, knowing that he will be square and decent and that he has pledged himself to a coalition administration in

which there will be no unjust persecution or no unfair advantages taken.

But John Fields can be elected only by the support of large numbers of those 150,751 Democrats, who voted against Walton and the Shawnee platform, in the primary. Those good people, though differing in political faith, are Americans first and partisans afterward. They will not fail in this crisis. Hundreds of them are openly working to elect John Fields. Hundreds more are quietly supporting him by refusing to actively support their party candidate. All can, and thousands upon thousands will say little, but on election day, will vote for John Fields, firm in the faith that they serve their party best by so doing.

Your Dimes or Dollars Will Help

No contributions have been, or will be, invited or accepted from anybody who expects anything in return personally. The greatest reward any contributor does or may expect, is an earnest, honest and efficient administration of the State's business for the benefit of ALL the folks and NOT for the private gain of dishonest politicians and their friends. This is why you are invited to sign and mail the coupon below, with any amount from 10c to \$100 as evidence of your patriotic desire to see a clean, square government in Oklahoma. If you cannot contribute, at least you can vote right and urge your friends to help elect John Fields Governor.
